member

Julie is a tax partner specializing in the area of insurance mergers and acquisitions taxation. Julie has eighteen years of public accounting experience with the Firm. Julie has worked extensively in the M&A tax arena, consulting with company management on corporate restructurings, conversion transactions, global planning projects, public offerings, take private and spin-off transactions. Julie has also been heavily involved in performing due diligence reviews of potential targets and potential buyers for both domestic and international operations. Julie's industry expertise is primarily in the insurance industry, having worked extensively with domestic and global life insurance companies, blue cross blue shield organizations, and property and casualty insurance companies, as well as insurance brokerage operations. Julie is a frequent speaker at the Blue Cross Blue Shield national tax conference, at the 2009 Insurance Tax Conference and recently authored articles on the application of tax-free contribution provisions to intercompany reinsurance transactions and the taxation of captive insurance companies.
